INDEPENDENT AUDITOR'S REPORT

The Honorable C. Clayton Wood, Mayor
and Members of the City Council
City of Millersburg
Albany, Oregon 97321

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Millersburg, Linn County, Oregon, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

The City of Millersburg's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Millersburg, Linn County, Oregon as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of the proportionate share of the net pension liability, schedule of contributions, and budgetary comparison information on pages 4 through 10, 54, 55, and 56 through 58, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the management's discussion and analysis, schedule of the proportionate share of the net pension liability, and schedule of contributions in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the management's discussion and analysis, schedule of the proportionate share of the net pension liability, or schedule of contributions because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Millersburg's basic financial statements. The combining statements, individual fund schedules, schedule of property tax transactions, and schedule of future requirements for retirement of long-term debt are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining statements and individual fund schedules are the responsibility of management, and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The schedule of property tax transactions and schedule of future requirements for retirement of long-term debt have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Report on Other Legal and Regulatory Requirements

In accordance with Minimum Standards for Audits of Oregon Municipal Corporations, we have issued our report dated February 16, 2016 on our consideration of compliance with certain provisions of laws and regulations, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance.

Koontz, Perdue, Blasquez & Co., P.C.

MANAGEMENT'S DISCUSSION AND ANALYSIS

CITY OF MILLERSBURG
Linn County, Oregon

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

INTRODUCTION

As management of the City of Millersburg, Linn County, Oregon, we offer readers this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2015. It should be read in conjunction with the City's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- At June 30, 2015, total net position of the City of Millersburg amounted to \$38,792,128. Of this amount, \$29,589,709 was invested in capital assets, net of related debt. The remaining balance included \$1,754,536 restricted for system development, \$25,589 restricted for debt service, and \$7,422,294 of unrestricted net position.
- The City's total net position increased by \$4,541,646 during the current fiscal year.
- Overall revenues were \$7,829,775, which exceeded total expenditures of \$3,288,129 by \$4,541,646.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City of Millersburg's basic financial statements. The basic financial statements are comprised of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets and liabilities with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government and highways and streets. The business-type activities of the City include sewer and water utility services.

The government-wide financial statements can be found on pages 11 through 13 of this report.

CITY OF MILLERSBURG
Linn County, Oregon

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

Fund Financial Statements

The fund financial statements are designed to demonstrate compliance with finance-related legal requirements overseeing the use of fund accounting. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities and objectives. All of the funds of the City of Millersburg can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of available resources, as well as on the balances of available resources at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains four individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, which is considered to be a major governmental fund. Data from the nonmajor governmental funds is combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City of Millersburg adopts an annual appropriated budget for all of its governmental funds. A budgetary comparison statement has been provided for each fund individually to demonstrate compliance with their respective budgets.

The basic governmental fund financial statements can be found on pages 14 through 17 of this report.

Proprietary Funds

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The City maintains two individual enterprise funds.

CITY OF MILLERSBURG
Linn County, Oregon

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses the enterprise funds to account for its sewer and water utility services. Information is presented separately in the proprietary funds statement of net position, statement of revenues, expenses, and changes in fund net position, and statement of cash flows for the Sewer Utility and Water Utility Funds, both of which are considered to be major proprietary funds.

The City of Millersburg adopts an annual appropriated budget for all of its proprietary funds. A budgetary comparison statement has been provided for each fund individually to demonstrate compliance with their respective budgets.

The basic proprietary fund financial statements can be found on pages 18 through 21 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is the same as that used for proprietary funds.

The basic fiduciary fund financial statements can be found on page 22 of this report.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to a full understanding of the financial data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 23 through 53 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information, which includes the schedule of the proportionate share of the net pension liability, schedule of contributions, and budgetary comparison information for the General Fund. This required supplementary information can be found on pages 54 through 58 of this report.

The combining statements referred to earlier, in connection with the nonmajor governmental funds, are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 59 through 65 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of the City's financial position. At June 30, 2015, the City's assets exceeded liabilities by \$38,792,128.

CITY OF MILLERSBURG
Linn County, Oregon

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

A large portion of the City's net position reflects its investment in capital assets (e.g., land, buildings, and equipment) less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

City's Net Position

At the end of the current fiscal year, the City was able to report positive balances in all categories of net position. The City's net position increased by \$4,541,646 during the current fiscal year.

Condensed statement of net position information is shown below.

Condensed Statement of Net Position

CITY OF MILLERSBURG
Linn County, Oregon

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measurement of the City's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the City's governmental funds reported combined fund balances of \$4,743,377, an increase of \$579,742 over the prior year. Of this amount, \$4,007,871 constitutes unassigned fund balance, which is available for spending at the City's discretion.

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, the General Fund reported a fund balance of \$4,165,870, an increase of \$380,767 over the prior year.

Proprietary Funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Total net position of the proprietary funds amounted to \$17,172,620 at year-end. Of this amount, \$12,723,448 was invested in capital assets, net of related debt. The remaining balance included \$1,271,080 restricted for system development, \$25,589 restricted for debt service, and \$3,152,503 of unrestricted net position.

BUDGETARY HIGHLIGHTS

Budget amounts shown in the financial statements reflect the original budget amounts.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The City's investment in capital assets for its governmental activities and business-type activities as of June 30, 2015 amounted to \$16,866,261 and \$21,524,754, net of accumulated depreciation, respectively. This investment in capital assets includes land, buildings and improvements, furniture and office equipment, equipment, infrastructure, utilities, sewer equipment, the joint water project, the joint wastewater project, and the wastewater wetlands project.

Additional information on the City's capital assets can be found in Note III-B on pages 34 through 37 of this report.

CITY OF MILLERSBURG
Linn County, Oregon

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

Long-Term Debt

At the end of the current fiscal year, the City had total debt outstanding of \$8,801,306. This amount represents a loan for the funding of public works payable to the Oregon Economic and Community Development Department, loans for wastewater treatment facilities payable to the City of Albany, and a loan for the wastewater wetlands project payable to the Department of Environmental Quality. The City's total debt decreased by \$548,892 during the current fiscal year.

Additional information on the City's long-term debt can be found in Note III-G on pages 39 through 40 of this report.

KEY ECONOMIC FACTORS AND BUDGET INFORMATION FOR THE FUTURE

At the time these financial statements were prepared and audited, the City was aware of the following circumstance that could affect its future financial health:

- The 2015-2016 premium for healthcare insurance decreased by 3% in comparison with the 2014-2015 premium.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the City's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional information should be directed to the following address: City of Millersburg, 4222 Old Salem Road NE, Albany, Oregon 97321.

RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES
TO NET POSITION OF GOVERNMENTAL ACTIVITIES

June 30, 2015

Total fund balances		\$ 4,743,377
Capital assets are not financial resources and are therefore not reported in the governmental funds.		
Cost	20,783,449	
Accumulated depreciation	<u>(3,917,188)</u>	16,866,261
Property tax revenue is recognized in the net position of governmental activities when the taxes are levied; however, in the governmental fund statements, it is recognized when available to be used for current year operations. Taxes not collected within 60 days of the end of the year are not considered available to pay for current year operations and are therefore not reported as revenue in the governmental funds.		
		59,646
The net pension asset is not available for current period expenditures and is therefore not reported in the governmental funds.		
		60,490
Long-term liabilities not payable in the current year are not reported as governmental fund liabilities. Interest on long-term debt is not accrued in the governmental funds, but rather, is recognized as an expenditure when due. These liabilities consist of:		
Compensated absences		(18,702)
Current year PERS contributions are deferred outflows of resources that will be recognized as expenditures in the subsequent year.		
		25,157
The proportionate share of net differences between projected and actual earnings on investments will be amortized over the next five years.		
		<u>(116,721)</u>
Total net position		<u>\$ 21,619,508</u>

The accompanying notes are an integral part of these financial statements.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN
FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the Year Ended June 30, 2015

Net change in fund balances \$ 579,742

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures; however, in the statement of activities, the costs of these assets are allocated over their estimated useful lives and are reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Contributions of capital assets	3,378,958	
Less current year depreciation	<u>(492,076)</u>	2,886,882

Property taxes that do not meet the measurable and available criteria are not recognized as revenue in the current year in the governmental funds. In the statement of activities, property taxes are recognized when levied.

Change in unavailable revenue - property taxes		5,307
--	--	-------

Changes in the net pension assets and liabilities, as well as the related changes in deferred outflows and deferred inflows of resources, are not recognized as expenditures in the governmental funds.

		<u>78,131</u>
--	--	---------------

Change in net position \$ 3,550,062

NOTES TO BASIC FINANCIAL STATEMENTS

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Millersburg have been prepared in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A. Reporting Entity

Incorporated in June of 1974, Millersburg sits in the heart of the fertile Willamette Valley. The City offers a beautiful eleven-acre park with a large shelter for year-round use. It boasts of a volleyball court, a jogging path, a tennis court, and an outdoor basketball court. Two baseball fields, playground equipment, and horseshoe pits round out the park amenities. With a population of 1,505 and growing, Millersburg gives you that country feeling with big city facilities nearby. The City of Millersburg is governed by a mayor and four city council members.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the City. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: (1) charges for goods and services provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds, proprietary funds, and fiduciary funds, even though the fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt are recorded only when payment is due.

Under the modified accrual basis, property taxes, franchise fees, licenses, interest, and special assessments have been recognized as revenues of the current fiscal period if received within 60 days of year-end. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental fund:

General Fund – The General Fund is the City’s primary operating fund. It accounts for all financial resources of the City except those required to be accounted for in another fund. The primary sources of revenue are licenses and permits, property taxes, franchise fees, and state revenues. Expenditures are primarily for administration.

Additionally, the City reports the following nonmajor governmental funds:

Special Revenue Funds

Street Fund – The Street Fund accounts for state highway use tax revenues. Expenditures are for street lighting and repairs, as allowed by Oregon statutes.

Street Reserve Fund – The Street Reserve Fund is used to accumulate resources for future construction of streets. The primary source of revenue is street frontage fees. Expenditures are primarily for existing street repairs, improvements and upgrades.

Capital Projects Fund

Sewer Construction Fund – The Sewer Construction Fund accounts for financial resources to be used for the acquisition and construction of sewer facilities. The primary source of revenue is investment earnings. Expenditures are primarily for sewer expansion.

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

The City reports the following major proprietary funds:

Enterprise Funds

Sewer Utility Fund – The Sewer Utility Fund accounts for the activities of the City's sewer utilities. The primary source of revenue is user charges. Expenditures are primarily for the operation of the utility and acquisition of capital assets.

Water Utility Fund – The Water Utility Fund accounts for the activities of the City's water utilities. The primary source of revenue is user charges. Expenditures are primarily for the construction of the waterline and acquisition of capital assets.

The City reports the following fiduciary fund:

Agency Fund

Bravo Fund – The Bravo Fund accounts for the activities to curtail vandalism within the City of Millersburg. This fund has no equity, has assets equal to liabilities, and does not include revenues and expenditures for general operations of the City.

The City also maintains the following fund for which there was no activity in the current year:

Special Revenue Fund

911 Excise Tax Fund – The 911 Excise Tax Fund derives its revenue from excise taxes. Expenditures are for 911 emergency services.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are transfers between the governmental funds and the proprietary funds. Elimination of these transactions would distort their respective financial statements.

Amounts reported as program revenues include: (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's proprietary funds are charges to customers for sales and services. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, Liabilities, Deferred Outflows and Inflows of Resources, and Equity

1. Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the City to invest in legally issued general obligations of the United States, the agencies and instrumentalities of the United States and the states of Oregon, Washington, Idaho, or California, certain interest-bearing bonds, time deposit open accounts, certificates of deposit, and savings accounts in banks, mutual savings banks, and savings and loan associations that maintain a head office or a branch in this state in the capacity of a bank, mutual savings bank, or savings and loan association, and share accounts and savings accounts in credit unions in the name of, or for the benefit of, a member of the credit union pursuant to a plan of deferred compensation.

2. Accounts Receivable

Receivables of the enterprise funds are recorded as revenue as earned. An allowance for doubtful accounts is not recorded, as the City believes the sewer and water utility bills to be highly collectible.

3. Property Taxes

Under state law, county governments are responsible for extending authorized property tax levies, computing tax rates, billing and collecting all property taxes, and making periodic remittances of collection to entities levying taxes. Property taxes are levied and become a lien as of July 1 on property values assessed as of June 30. Property taxes are payable in three installments, which are due on November 15, February 15, and May 15.

Uncollected property taxes are shown on the balance sheet of the governmental funds. Property taxes collected within approximately 60 days of fiscal year-end are recognized as revenue, while the remaining amount of taxes receivable are recorded as unavailable revenue because they are not deemed available to finance operations of the current period.

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, Deferred Outflows and Inflows of Resources, and Equity (Continued)

4. Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the applicable governmental and business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost where no historical records exist. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance or repairs that do not add to the value of an asset or materially extend its life are charged to expenditures as incurred and are not capitalized.

Property, plant, and equipment of the City are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Furniture and office equipment	5-10
Equipment	10-20
Building improvements	20-50
Infrastructure	25-40
Utilities	25-80

5. Compensated Absences

Amounts of vested or accumulated vacation leave that are expected to be liquidated with expendable available financial resources are reported as expenditures when paid. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported as long-term liabilities on the statement of net position. In accordance with the provisions of GASB Statement No. 16, *Accounting for Compensated Absences*, no liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

6. Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, Deferred Outflows and Inflows of Resources, and Equity (Continued)

6. Long-Term Obligations (Continued)

In the fund financial statements, the face amount of debt issued is reported as other financing sources. Premiums received on debt issuance are reported as other financing sources while discounts on debt issuance are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

7. Retirement Plan

Most of the City's employees participate in Oregon's Public Employees Retirement System (PERS). Contributions are made on a current basis as required by the plan and are recorded as expenses or expenditures.

8. Deferred Outflows and Inflows of Resources

In addition to assets, the statement of net position and/or balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period and so will not be recognized as an outflow of resources until then. In addition to liabilities, the statement of net position and/or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period and therefore, will not be recognized as an inflow of resources until that time.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense information about the net position of the Oregon Public Retirement System (OPERS) and additions to/deductions from OPERS' net position have been determined on the same basis as they are reported by OPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Under a modified accrual basis of accounting, unavailable revenue is reported on the balance sheet. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, Deferred Outflows and Inflows of Resources, and Equity (Continued)

9. Fund Equity

The City reports fund equity in accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The following classifications describe the relative strength of the spending constraints:

- Nonspendable fund balance – amounts that are in nonspendable form (such as inventory) or are required to be maintained intact.
- Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- Committed fund balance – amounts constrained to specific purposes by the City itself, using its highest level of decision-making authority (i.e., city council). To be reported as committed, amounts cannot be used for any other purpose unless the City takes the same highest level action to remove or change the constraint.
- Assigned fund balance – amounts the City intends to use for a specific purpose. Intent can be expressed by the city council or by an official or body to which the city council delegates the authority.
- Unassigned fund balance – amounts that are available for any purpose. Positive amounts are reported only in the General Fund.

The City has not formally adopted a policy for commitment or assignment of unrestricted fund balance.

The City has not formally adopted a minimum fund balance policy.

E. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

F. Reclassifications

Certain accounts, as reported in comparative statements in the management's discussion and analysis, have been reclassified for comparative purposes in order to conform to the presentation in the current year financial statements.

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

The City budgets all funds in accordance with the requirements of state law. Annual appropriated budgets are adopted for the general, special revenue, capital projects, and enterprise funds. All funds are budgeted on the cash basis of accounting.

The City begins its budgeting process by appointing budget committee members. The budget officer prepares a budget, which is reviewed by the budget committee. The budget is then published in proposed form and is presented at public hearings to obtain taxpayer comments and approval from the budget committee. The city council legally adopts the budget by resolution prior to the beginning of the City's fiscal year. The council resolution authorizing appropriations for each fund sets the level by which expenditures cannot legally exceed appropriations. Total personnel services, materials and services, debt service, capital outlay, and contingency for each fund are the levels of control established by the resolution. The detailed budget document, however, is required to contain more specific detailed information for the aforementioned expenditure categories and management may revise the detailed line item budgets within appropriation categories. Unexpected additional resources may be added to the budget through the use of a supplemental budget and appropriation resolution. The city council may adopt a supplemental budget less than 10% of a fund's original budget at a regular city council meeting. A supplemental budget greater than 10% of a fund's original budget requires hearings before the public, publication in newspapers, and approval by the city council. Original and supplemental budgets may be modified by the use of appropriation transfers between the levels of control. Such transfers require approval by the city council. During the year, there were no supplemental budgets. The City does not use encumbrances and appropriations lapse at year-end.

Budget amounts shown in the financial statements reflect the original budget.

B. Improper Budget Terminology

The City did not use updated budget terminology when preparing budgets and resolutions, which is in violation of ORS 294.456.

C. Improper Resolution for Increase of Appropriations

The City did not use appropriation categories on a resolution to increase appropriations, which is in violation of ORS 294.456.

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS

A. Deposits and Investments

The City of Millersburg maintains a cash and cash equivalents pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the fund financial statements as cash and cash equivalents. Additionally, several funds held separate cash accounts. Interest earned on pooled cash and investments is allocated to participating funds based upon their combined cash and investment balances.

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

A. Deposits and Investments (Continued)

Investments, including amounts held in pooled cash and investments, are stated at fair value. In accordance with Governmental Accounting Standards Board (GASB) Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, investments with a remaining maturity of more than one year at the time of purchase are stated at fair value. Fair value is determined at the quoted market price, if available; otherwise, the fair value is estimated based on the amount at which the investment could be exchanged in a current transaction between willing parties, other than a forced liquidation sale. Investments in the State of Oregon Local Government Investment Pool (LGIP) are stated at fair value.

The Oregon State Treasury administers the LGIP. The LGIP is an open-ended, no-load, diversified portfolio offered to any agency, political subdivision, or public corporation of the state that by law is made the custodian of, or has control of, any fund. The LGIP is commingled with the State's short-term funds. To provide regulatory oversight, the Oregon Legislature established the Oregon Short-Term Fund Board and LGIP investments are approved by the Oregon Investment Council. The fair value of the City's position in the LGIP is the same as the value of the pool shares.

Credit Risk

Oregon statutes authorize the City to invest in obligations of the U.S. Treasury and U.S. agencies, bankers' acceptances, repurchase agreements, commercial paper rated A-1 by Standard & Poor's Corporation or P-1 by Moody's Commercial Paper Record, and the Local Government Investment Pool. The City has not adopted an investment policy regarding credit risk; however, investments comply with the state statutes.

Investments

As of June 30, 2015, the City had the following investments:

	Credit Quality Rating	Maturities	Fair Value
Oregon Local Government Investment Pool	Unrated	-	\$ 9,001,888

Interest Rate Risk

The City does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increases in interest rates.

Concentration of Credit Risk

The City does not have a formal policy that places a limit on the amount that may be invested in any one insurer. 100 percent of the City's investments are in the Oregon Local Government Investment Pool.

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

A. Deposits and Investments (Continued)

Custodial Credit Risk – Investments

This is the risk that, in the event of the failure of a counterparty, the City will not be able to recover the value of its investments that are in the possession of an outside party. The City does not have a policy that limits the amount of investments that can be held by counterparties.

Custodial Credit Risk – Deposits

This is the risk that, in the event of a bank failure, the City's deposits may not be returned. All City deposits not covered by Federal Depository Insurance Corporation (FDIC) insurance are covered by the Public Funds Collateralization Program (PFCP) of the State of Oregon, organized in accordance with ORS 295. The PFCP is a shared liability structure for participating bank depositories. Barring any exceptions, a bank depository is required to pledge collateral valued at a minimum of 10% of their quarter-end public fund deposits if they are considered well capitalized, 25% of their quarter-end public fund deposits if they are considered adequately capitalized, or 110% of their quarter-end public fund deposits if they are considered undercapitalized or assigned to pledge 110% by the Office of the State Treasurer. In the event of a bank failure, the entire pool of collateral pledged by all qualified Oregon public funds bank depositories is available to repay deposits of public funds of government entities.

The City holds accounts at US Bank, for which the FDIC provides insurance coverage of \$250,000 for demand deposit accounts and an additional \$250,000 for time and savings accounts. At June 30, 2015, the City's total deposits of \$98,084 were fully insured by the FDIC.

Deposits

The City's deposits and investments at June 30, 2015 are as follows:

Cash on hand	\$ 70
Checking accounts	92,892

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

B. Capital Assets (Continued)

1. Restrictions

It has been determined that one of the parcels of the land owned by the City of Millersburg contains elevated levels of radium. The following restrictions have been placed on the parcel as part of Environmental Protection Easement:

- No portion of the property shall be used for residential purposes;
- Buildings and other enclosed structures shall be designed and constructed consistent with Environmental Protection Agency (EPA) guidance;
- Following completion of construction, new buildings shall be tested for radon;
- The property owner shall maintain the radon control system in proper working order; and
- The property owner shall monitor indoor air in buildings on property.

2. Temporary Impairment

It has been determined that portions of the cannibal process equipment associated with the Joint Wastewater Treatment Plant are temporarily impaired at June 30, 2015. The City of Millersburg and the City of Albany have specific ownership interest as defined in the intergovernmental agreement.

3. Bargain Purchase

On December 23, 2014, the City entered into a bargain purchase of approximately 72 acres of unimproved real property, water rights related to the property, and a lease of approximately 63 acres of the property. The owner donated the property to the City; however the City paid the existing unpaid property taxes due to Linn County in the amount of \$3,055. The property was recorded at the estimated fair value of \$3,000,000.

C. Interfund Receivables and Payables

The composition of interfund balances as of June 30, 2015 is as follows:

	<u>Due from:</u>
	Water Utility
	Fund
	<u> </u>
Due to:	
General Fund	\$ 56,908
Nonmajor governmental funds	7,254
Sewer Utility Fund	<u>2,231</u>
	<u> </u>
Total	\$ <u>66,393</u>

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

C. Interfund Receivables and Payables (Continued)

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

D. Interfund Transfers

Operating transfers are reflected as other financing sources (uses) in the governmental and proprietary funds. Interfund transfers during the year consisted of:

	Transfers in:			
	Nonmajor Governmental Funds	Sewer Utility Fund	Water Utility Fund	Total
Transfers out:				
General Fund	\$ 1,100	\$ 90,000	\$ 500,000	\$ 591,100
Nonmajor governmental funds	<u>100,000</u>	<u>-</u>	<u>-</u>	<u>100,000</u>
 Total	 <u>\$ 101,100</u>	 <u>\$ 90,000</u>	 <u>\$ 500,000</u>	 <u>\$ 691,100</u>

The principal purposes of the interfund transfers in were as follows:

Nonmajor governmental funds:

Street Fund: To fund street and road repair expenditures and future street construction.

Street Reserve Fund: To fund future street construction expenditures.

Sewer Utility Fund: To fund the joint wastewater/wetlands project, including the operation and maintenance.

Water Utility Fund: To fund the joint water treatment plant, including the operation and maintenance.

E. Compensated Absences

The following is a summary of compensated absences transactions for the year:

	Beginning Balance	Additions	Reductions	Ending Balance
Governmental activities				
Compensated absences	<u>\$ 18,702</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,702</u>

The General Fund has traditionally been used to liquidate compensated absences liabilities.

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

F. Leasing Arrangements as Lessor

The City of Millersburg has entered into a leasing arrangement that qualifies as an operating lease with a tenant for rental and use of four land parcels, with a cost basis of \$1,348,690, owned by the City. The lease term is from September 15, 2014 to September 14, 2015, with an option to renew. Half of the annual rent for each land parcel was due with the lessee's bid (June 2014); therefore, the revenue is considered earned upon receipt. The remaining half is due upon contract expiration.

Future minimum rents under the terms of the lease agreement in effect as of June 30, 2015 are estimated to be as follows:

Year Ending June 30	Lease Payments
2016	<u>\$ 6,370</u>

G. Long-Term Liabilities

1. Changes in Long-Term Liabilities

The following is a summary of long-term liabilities transactions for the year:

	Interest Rate	Original Amount	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Business-type activities							
Loans payable							
OECD	5.52%	\$ 6,044,000	\$ 3,633,630	\$ -	\$ 249,822	\$ 3,383,808	\$ 264,487
City of Albany #1	3.14%	2,940,870	2,473,928	-	126,115	2,347,813	130,106
City of Albany #2	2.9%	2,825,542	2,367,640	-	122,955	2,244,685	126,547
DEQ loan	-	<u>4,000,000</u>	<u>875,000</u>	<u>-</u>	<u>50,000</u>	<u>825,000</u>	<u>50,000</u>
Total business-type activities		<u>\$ 15,810,412</u>	<u>\$ 9,350,198</u>	<u>\$ -</u>	<u>\$ 548,892</u>	<u>\$ 8,801,306</u>	<u>\$ 571,140</u>

The Sewer Utility and Water Utility Funds have traditionally been used to liquidate long-term liabilities. Interest and fees charged to the City during the year ended June 30, 2015 amounted to \$170,872 and \$202,243, respectively.

2. Loan Payable – OECD

The 2001 Special Public Works Fund Loan through the Oregon Economic and Community Development Department was signed on August 27, 1999, with interest at 5.25% due annually on December 1 through the year 2024. The proceeds were used for water system improvements.

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

G. Long-Term Liabilities (Continued)

3. Loans Payable – City of Albany

The City of Millersburg signed two loan agreements with the City of Albany as part of an intergovernmental agreement to finance the construction costs for wastewater treatment facilities. Both loans were signed on August 17, 2007, with payments and interest due semiannually on April 1 and October 1 through 2029. In addition to interest, the City must pay an administrative loan fee equal to 0.50% of the outstanding balance.

4. Loan Payable – DEQ CWSRF

The City of Millersburg signed a loan agreement with the Oregon Department of Environmental Quality (DEQ) Clean Water State Revolving Fund (CWSRF) to finance Phase 1 of the wastewater wetlands project. The project was completed in July 2011 and the final loan amount was determined to be \$4,000,000. Due to the City's compliance with the requirements of the CWSRF loan agreement, \$3,000,000 principal forgiveness outlined in Article 1 of the loan agreement took place, leaving the City with \$1,000,000 to be repaid to DEQ. The City of Millersburg's ownership percentage constitutes 10% of the total project cost. Payment and fees are due semiannually on February 1 and August 1 through 2031. The City is required to maintain a loan reserve account in which the amount is equal to half of the average annual debt service.

5. Future Maturities of Long-Term Liabilities

Fiscal Year Ending June 30	Loans		
	Principal	Interest and Fees	Total
2016	\$ 571,140	\$ 352,482	\$ 923,622
2017	588,875	328,591	917,466
2018	617,120	303,871	920,991
2019	640,896	277,759	918,655
2020	665,228	250,499	915,727
2021-2025	3,748,882	795,108	4,543,990
2026-2030	1,894,165	155,628	2,049,793
2031-2032	<u>75,000</u>	<u>500</u>	<u>75,500</u>
Total	<u>\$ 8,801,306</u>	<u>\$ 2,464,438</u>	<u>\$ 11,265,744</u>

H. Constraints on Fund Balances

Constraints on fund balances reported on the balance sheet are as follows:

	General Fund	Nonmajor Governmental Funds	Total Governmental Funds
Fund balances:			
Restricted for:			
Park improvements	\$ 157,999	\$ -	\$ 157,999
System development	-	325,457	325,457
Assigned to:			
Street maintenance	-	238,267	238,267
Sewer construction	-	13,783	13,783
Unassigned	4,007,871	-	4,007,871
Total fund balances	\$ 4,165,870	\$ 577,507	\$ 4,743,377

IV. OTHER INFORMATION

A. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the City carries commercial insurance. There was no significant reduction in insurance coverage from the previous year. There were no insurance settlements exceeding insurance coverage in any of the past three years.

B. Pension Plan

1. Plan Description

Employees of the City are provided with pensions through the Oregon Public Employees Retirement System (OPERS), a cost-sharing, multiple-employer, defined benefit pension plan. The Oregon Legislature has delegated authority to the Public Employees Retirement Board to administer and manage the system. All benefits of the system are established by the legislature, pursuant to Oregon Revised Statutes (ORS) Chapters 238 and 238A. Tier One/Tier Two Retirement Benefit plan, established by ORS Chapter 238, is closed to new members hired on or after August 29, 2003. The Pension Program, established by ORS Chapter 238A, provides benefits to members hired on or after August 29, 2003. OPERS issues a publicly available comprehensive annual financial report and actuarial valuation, both of which can be obtained at http://www.oregon.gov/pers/Pages/section/financial_reports/financials.aspx.

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

IV. OTHER INFORMATION (Continued)

B. Pension Plan (Continued)

2. Benefits Provided

a. Tier One/Tier Two Retirement Benefit (ORS Chapter 238)

Pension Benefits

The PERS retirement allowance is payable monthly for life. It may be selected from 13 retirement benefit options. These options include survivorship benefits and lump-sum refunds. The basic benefit is based on years of service and final average salary. A percentage (1.67% for general service employees) is multiplied by the number of years of service and the final average salary. Benefits may also be calculated under either a formula plus annuity (for members who were contributing before August 21, 1981) or a money match computation if a greater benefit results.

A member is considered vested and will be eligible at minimum retirement age for a service retirement allowance if he or she has had a contribution in each of five calendar years or has reached at least 50 years of age before ceasing employment with a participating employer. General service employees may retire after reaching age 55. Tier One general service employee benefits are reduced if retirement occurs prior to age 58 with fewer than 30 years of service. Tier Two members are eligible for full benefits at age 60. The ORS Chapter 238 Defined Benefit Pension Plan is closed to new members hired on or after August 29, 2003.

Death Benefits

Upon the death of a non-retired member, the beneficiary receives a lump-sum refund of the member's account balance (accumulated contributions and interest). In addition, the beneficiary will receive a lump-sum payment from employer funds equal to the account balance, provided one or more of the following conditions are met:

- the member was employed by a PERS employer at the time of death,
- the member died within 120 days after termination of PERS-covered employment,
- the member died as a result of injury sustained while employed in a PERS-covered job, or
- the member was on an official leave of absence from a PERS-covered job at the time of death.

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

IV. OTHER INFORMATION (Continued)

B. Pension Plan (Continued)

2. Benefits Provided (Continued)

a. Tier One/Tier Two Retirement Benefit (ORS Chapter 238) (Continued)

Disability Benefits

A member with 10 or more years of creditable service who becomes disabled from other than duty-connected causes may receive a non-duty disability benefit. A disability resulting from a job-incurred injury or illness qualifies a member (including PERS judge members) for disability benefits regardless of the length of PERS-covered service. Upon qualifying for either a non-duty or duty disability, service time is computed to age 58 when determining the monthly benefit.

Benefit Changes after Retirement

After retirement, members may choose to continue participation in a variable equities investment account after retiring and may experience annual benefit fluctuations due to changes in the market value of equity investments. Under ORS 238.630, monthly benefits are adjusted annually through cost-of-living adjustments (COLA). Under current law, the cap on the COLA in fiscal year 2015 and beyond will vary based on 1.25% on the first \$60,000 of annual benefit and 0.15% on annual benefits above \$60,000.

b. OPSRP Pension Program (Defined Benefit)

Pension Benefits

The Pension Program (ORS Chapter 238A) provides benefits to members hired on or after August 29, 2003. This portion of OPSRP provides a life pension funded by employer contributions. Benefits are calculated with the following formula for members who attain normal retirement age:

General service: 1.5% is multiplied by the number of years of service and the final average salary. Normal retirement age for general service members is age 65, or age 58 with 30 years of retirement credit.

A member of the OPSRP Pension Program becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, and, if the pension program is terminated, the date on which termination becomes effective.

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

IV. OTHER INFORMATION (Continued)

B. Pension Plan (Continued)

2. Benefits Provided (Continued)

b. OPSRP Pension Program (Defined Benefit) (Continued)

Death Benefits

Upon the death of a non-retired member, the spouse or other person who is constitutionally required to be treated in the same manner as the spouse, receives for life 50% of the pension that would otherwise have been paid to the deceased member.

Disability Benefits

A member who has accrued 10 or more years of retirement credit before the member becomes disabled or a member who becomes disabled due to job-related injury shall receive a disability benefit of 45% of the member's salary determined as of the last full month of employment before the disability occurred.

Benefit Changes after Retirement

Under ORS 238A.210, monthly benefits are adjusted annually through cost-of-living adjustments (COLA). Under current law, the cap on the COLA in fiscal year 2015 and beyond will vary based on 1.25% on the first \$60,000 of annual benefit and 0.15% on annual benefits above \$60,000.

c. OPSRP Individual Account Program (IAP)

Pension Benefits

An IAP member becomes vested on the date the employee account is established or on the date the rollover account was established. If the employer makes optional employer contributions for a member, the member becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, the date the IAP is terminated, the date the active member becomes disabled, or the date the active member dies.

Upon retirement, a member of the OPSRP IAP may receive the amounts in his or her employee account, rollover account, and vested employer account as a lump-sum payment or in equal installments over a 5-, 10-, 15-, or 20-year period or an anticipated life span option. Each distribution option has a \$200 minimum distribution limit.

IV. OTHER INFORMATION (Continued)

B. Pension Plan (Continued)

2. Benefits Provided (Continued)

c. OPSRP Individual Account Program (IAP) (Continued)

Death Benefits

Upon the death of a non-retired member, the beneficiary receives, in a lump sum, the member's account balance, rollover account balance, and vested employer optional contribution account balance. If a retired member dies before the installment payments are completed, the beneficiary may receive the remaining installment payments or choose a lump-sum payment.

Recordkeeping

OPERS contracts with Voya Financial to maintain IAP participant records.

3. Contributions

PERS' funding policy provides for monthly employer contributions at actuarially determined rates. These contributions, expressed as a percentage of covered payroll, are intended to accumulate sufficient assets to pay benefits when due. This funding policy applies to the PERS Defined Benefit Plan and the Other Postemployment Benefit Plans. Employer contribution rates during the period were based on the December 31, 2011 actuarial valuation as subsequently modified by 2013 legislated changes in benefit provisions. The rates, based on a percentage of payroll, first became effective July 1, 2013. Employer contributions for the year ended June 30, 2015 were \$23,234, excluding amounts to fund employer-specific liabilities. The rates in effect for the fiscal year ended June 30, 2015 were 13.33% for Tier One/Tier Two general service members, 11.57% for OPSRP Pension Program general service members, and 6% for OPSRP IAP.

C. Pension Assets, Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2015, the City reported an asset of \$60,490 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2014, and the total pension asset used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2012 rolled forward to June 30, 2014. The City's proportion of the net pension asset was based on a projection of the City's long-term share of contributions to the pension plan, relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2014, the City's proportion was 0.0027%, which was unchanged from its proportion measured as of June 30, 2013.

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

IV. OTHER INFORMATION (Continued)

C. Pension Assets, Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

For the year ended June 30, 2015, the City recognized pension expense (income) of \$(55,110). At June 30, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>	<u>Net Deferred Outflows (Inflows) of Resources</u>
Differences between expected and actual experience	\$ -	\$ -	\$ -
Changes in assumptions	-	-	-
Net difference between projected and actual earnings on pension plan investments	-	116,721	(116,721)
Changes in proportion and differences between City contributions and proportionate share of contributions	<u>1,923</u>	<u>-</u>	<u>1,923</u>
	1,923	116,721	<u>\$ (114,798)</u>
City contributions subsequent to the measurement date	<u>23,234</u>	<u>-</u>	
Total	<u>\$ 25,157</u>	<u>\$ 116,721</u>	

\$23,234 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ending June 30</u>	
2016	\$ (28,762)
2017	(28,762)
2018	(28,762)
2019	(28,762)
2020	250
Thereafter	<u>-</u>
	<u>\$ (114,798)</u>

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

IV. OTHER INFORMATION (Continued)

D. Actuarial Assumptions

The employer contribution rates effective July 1, 2013 through June 30, 2015 were set using the projected unit credit actuarial cost method. For the Tier One/Tier Two component of the PERS Defined Benefit Plan, this method produced an employer contribution rate consisting of (1) an amount for normal cost (the estimated amount necessary to finance benefits earned by the employees during the current service year), (2) an amount for the amortization of unfunded actuarial accrued liabilities, which are being amortized over a fixed period with new unfunded actuarial accrued liabilities being amortized over 20 years. For the OPSRP Pension Program component of the PERS Defined Benefit Plan, this method produced an employer contribution rate consisting of (1) an amount for normal cost (the estimated amount necessary to finance benefits earned by the employees during the current service year), (2) an amount for the amortization of unfunded actuarial accrued liabilities, which are being amortized over a fixed period with new unfunded actuarial accrued liabilities being amortized over 16 years. The total pension liability in the December 31, 2012 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	December 31, 2012 rolled forward to June 30, 2014
Experience Study Report	2012, published September 18, 2013
Actuarial Cost Method	Entry Age Normal
Amortization Method	Amortized as a level percentage of payroll as layered amortization bases over a closed period; Tier One/Tier Two UAL is amortized over 20 years and OPSRP pension UAL is amortized over 16 years.
Asset Valuation Method	Market value of assets
Actuarial Assumptions:	
Inflation Rate	2.75%
Investment Rate of Return	7.75%
Projected Salary Increases	3.75% overall payroll growth
Mortality	Health retirees and beneficiaries: RP-2000 Sex-distinct, generational per Scale AA, with collar adjustments and set-backs as described in the valuation. Active members: Mortality rates are a percentage of health retiree rates that vary by group, as described in the valuation. Disabled retirees: Mortality rates are a percentage of the RP-2000 statistic combined disabled mortality sex-distinct table.

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

IV. OTHER INFORMATION (Continued)

D. Actuarial Assumptions (Continued)

Actuarial valuations of an ongoing plan involve estimates of the value of projected benefits and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Experience studies are performed as of December 31 of even-numbered years. The methods and assumptions shown above are based on the 2012 Experience Study, which reviewed experience for the four-year period ended on December 31, 2012.

E. Long-Term Expected Rate of Return

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in July 2013, the PERS Board reviewed long-term assumptions developed by both Milliman's capital market assumptions team and the Oregon Investment Council's (OIC) investment advisors. The table below shows Milliman's assumptions for each of the asset classes in which the plan was invested at that time based on the OIC long-term target allocation. The OIC's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes adjustment of the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model.

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Compounded Annual Return (Geometric)</u>
Core Fixed Income	7.20%	4.50%
Short-Term Bonds	8.00%	3.70%
Intermediate-Term Bonds	3.00%	4.10%
High Yield Bonds	1.80%	6.66%
Large Cap US Equities	11.65%	7.20%
Mid Cap US Equities	3.88%	7.30%
Small Cap US Equities	2.27%	7.45%
Developed Foreign Equities	14.21%	6.90%
Emerging Foreign Equities	5.49%	7.40%
Private Equities	20.00%	8.26%
Opportunity Funds / Absolute Return	5.00%	6.01%
Real Estate (Property)	13.75%	6.51%
Real Estate (REITS)	2.50%	6.76%
Commodities	<u>1.25%</u>	6.07%
 Total	 <u>100.00%</u>	
 Assumed Inflation - Mean		 2.75%

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

IV. OTHER INFORMATION (Continued)

F. Discount Rate

The discount rate used to measure the total pension liability was 7.75% for the Defined Benefit Pension Plan. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments for the Defined Benefit Pension Plan was applied to all periods of projected benefit payments to determine the total pension liability.

G. Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.75%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.75%) or one percentage point higher (8.75%) than the current rate:

	1% Decrease (6.75%)	Discount Rate (7.75%)	1% Increase (8.75%)
City's proportionate share of the net pension liability (asset)	\$ 128,095	\$ (60,490)	\$ (219,989)

H. Pension Plan Net Position

Detailed information about the pension plan's net position is available in the separately issued OPERS financial report.

I. Changes in Plan Provision Subsequent to Measurement Date

On April 30, 2015, the Oregon Supreme Court ruled that the provisions of Senate Bill 861, signed into law in October 2013, that limited the post-retirement COLA on benefits accrued prior to the signing of the law was unconstitutional. Benefits could be modified prospectively, but not retrospectively. As a result, those who retired before the bills were passed will continue to receive a COLA tied to the Consumer Price Index that normally results in a 2% increase annually. OPERS will make restoration payments to those benefit recipients.

OPERS members who have accrued benefits before and after the effective dates of the 2013 legislation will have a blended COLA rate when they retire.

This is a change in benefit terms subsequent to the measurement date of June 30, 2014, and has not been included in the net pension liability (asset) proportionate shares provided by OPERS.

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

IV. OTHER INFORMATION (Continued)

J. Other Post-Employment Benefits

1. Retirement Health Insurance Account (RHIA)

Plan Description

As a member of Oregon Public Employees Retirement System (OPERS), the City contributes to the Retirement Health Insurance Account (RHIA) for each of its eligible employees. RHIA is a cost-sharing, multiple-employer, defined benefit other post-employment benefit plan administered by OPERS. RHIA pays a monthly contribution toward the cost of Medicare companion health insurance premiums of eligible retirees. Oregon Revised Statute (ORS) 238.420 established this trust fund. Authority to establish and amend the benefit provisions of RHIA reside with the Oregon Legislature. The plan is closed to new entrants after January 1, 2004. OPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to PERS, P.O. Box 23700, Tigard, Oregon 97281-3700, by calling (503) 598-7377, or by accessing the PERS website at <http://oregon.gov/PERS/>.

Because RHIA was created by enabling legislation (ORS 238.420), contribution requirements of the plan members and the participating employers were established and may be amended only by the Oregon Legislature. ORS require that an amount equal to \$60 or the total monthly cost of Medicare companion health insurance premiums coverage, whichever is less, shall be paid from the Retirement Health Insurance Account established by the employer, and any monthly cost in excess of \$60 shall be paid by the eligible retired member in the manner provided in ORS 238.410. To be eligible to receive this monthly payment toward the premium cost, the member must: (1) have eight years or more of qualifying service in PERS at the time of retirement or receive a disability allowance as if the member had eight years or more of creditable service in PERS, (2) receive both Medicare Parts A and B coverage, and (3) enroll in a PERS-sponsored health plan. A surviving spouse or dependent of a deceased PERS retiree who was eligible to receive the subsidy is eligible to receive the subsidy if he or she (1) is receiving a retirement benefit or allowance from PERS or (2) was insured at the time the member died and the member retired before May 1, 1991.

Funding Policy

Participating entities are contractually required to contribute to RHIA at a rate assessed each year by OPERS; currently 0.59% of covered OPSRP payroll. The OPERS board of trustees sets the employer contribution rate based on the annual required contribution of the employers (ARC), an amount actuarially determined in accordance within the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed 30 years. The City's contributions to RHIA for the years ended June 30, 2013, 2014, and 2015 were \$1,005, \$1,266, and \$1,180, respectively, which equaled the required contributions each year.

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

IV. OTHER INFORMATION (Continued)

K. Restatement

The Governmental Accounting Standards Board (GASB) has issued Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27* and Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*. GASB Statement No. 68 establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and expenses/expenditures. GASB Statement No. 71 addresses an issue regarding application of the transition provisions of GASB Statement No. 68. The City implemented GASB Statements Nos. 68 and 71 for the year ended June 30, 2015. Additional information can be found in Note IV-B.

Based on implementation of GASB Statements Nos. 68 and 71, the City restated the beginning net position for governmental activities. Net position has been restated as follows:

	<u>Governmental Activities</u>
Net position - beginning, as originally reported	\$ 18,178,651
Cumulative effect of change in accounting principle	<u>(109,205)</u>
Net position - beginning, as restated	<u>\$ 18,069,446</u>

L. Related Party Transactions

The City leases a home to the City Administrator/Recorder. The lease receipts from the related party transactions were \$8,400 for the year ended June 30, 2015.

M. Contingent Liabilities

The City of Millersburg owns a parcel of land that has been determined to contain elevated levels of radium. The restrictions placed on the City related to the parcel are disclosed in Note III-B.1 of this report.

The City of Millersburg has undergone a feasibility study to purchase power for customers of the City by creating a municipally-owned utility district. The results are currently being evaluated by the MUD Implementation Proposal Committee, and the effects that the district would have on the City are currently unknown.

CITY OF MILLERSBURG
Linn County, Oregon

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2015

IV. OTHER INFORMATION (Continued)

N. New Pronouncements

The Governmental Accounting Standards Board (GASB) has issued the following pronouncements that have future effective dates that will impact future financial presentations. Management has not currently determined what impact implementation of the following statements will have on future financial statements.

GASB Statement No. 72, *Fair Value Measurement and Application* will be effective for the City beginning with its fiscal year ending June 30, 2016. This statement addresses accounting and financial reporting issues related to fair value measurements. It provides guidance for determining a fair value measurement for financial reporting purposes, as well as guidance for applying fair value to certain investments and disclosures related to all fair value measurements.

GASB Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*, will be effective for the City beginning with its fiscal year ending June 30, 2016. This statement improves the usefulness of information about pensions reported in state and local governments' financial statements.

GASB Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans* will be effective for the City beginning with its fiscal year ending June 30, 2017. This statement replaces the requirements for GASB Statement No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, as well as the requirements of GASB Statement No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*. This statement improves the usefulness of information about postemployment benefits other than pensions (OPEB) reported in state and local governments' financial statements.

GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, will be effective for the City beginning with its fiscal year ending June 30, 2017. This statement replaces the requirements for GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as well as the requirements of GASB Statement No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*. This statement improves accounting and financial reporting by state and local governments for postemployment benefits other than pensions.

O. Subsequent Events

Management has evaluated subsequent events through February 16, 2016, which was the date that the financial statements were available to be issued.

1. J. Conser & Sons, LLC filed a notice of intent to appeal with the Land Use Board of Appeals (LUBA) for the Millersburg city council's denial of their planned development/subdivision for 5,000 square foot lots on August 28, 2015. The City's attorney has made no evaluation as to the outcome of this action.

**AUDIT COMMENTS AND DISCLOSURES REQUIRED BY
STATE REGULATIONS**

KOONTZ, PERDUE, BLASQUEZ & CO., P.C.
CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT REQUIRED BY OREGON STATE REGULATIONS

The Honorable C. Clayton Wood, Mayor
and Members of the City Council
City of Millersburg
Albany, Oregon 97321

We have audited the basic financial statements of the City of Millersburg as of and for the year ended June 30, 2015, and have issued our report thereon dated February 16, 2016. We conducted our audit in accordance with auditing standards generally accepted in the United States of America.

Compliance

As part of obtaining reasonable assurance about whether the City of Millersburg's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes, as specified in Oregon Administrative Rules 162-010-0000 through 162-010-0320 of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures, which included, but were not limited to, the following:

Accounting records

Deposit of public funds with financial institutions (ORS Chapter 295)

Indebtedness limitations, restrictions, and repayment

Budgets legally required (ORS Chapter 294)

Insurance and fidelity bonds in force or required by law

Programs funded from outside sources

Highway revenues used for public highways, roads, and streets

Authorized investment of surplus funds (ORS Chapter 294)

Public contracts and purchasing (ORS Chapters 279A, 279B, 279C)

In connection with our testing, nothing came to our attention that caused us to believe the City was not in substantial compliance with certain provisions of laws, contracts, and grants, including the provisions of Oregon Revised Statutes, as specified in Oregon Administrative Rules 162-010-0000 through 162-010-0320 of the Minimum Standards for Audits of Oregon Municipal Corporations, except for the following:

1. The City did not use updated local budget terminology when preparing budgets and resolutions, which is in violation of ORS 294.456.
2. The City did not use appropriation categories on a resolution to increase appropriations, which is in violation of ORS 294.456.

OAR 162-010-0230 Internal Control

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the basic financial statements, but not for the purpose of expressing an opinion on the internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting. However, we noted certain matters that we have reported to management of the City in a separate letter dated February 16, 2016.

This report is intended solely for the information and use of the city council and management of the City of Millersburg and the Oregon Secretary of State, and is not intended to be and should not be used by anyone other than these parties.

Koontz, Perdue, Blasquez & Co., P.C.
